

### **Post-doctoral Fellowship**

The research group on trade and globalization at PSE (GPET) recruits a 1.5-year postdoctoral contract in international trade. The position is open and may start as soon as good candidates qualify.

Employment rate: Full time

Location: Paris (PSE, Paris School of Economics)

#### *Mission and profile*

The post-doctoral researcher will participate in the ANR grant on firm responsibility (RESPGLOB)'s research program. This includes participating in constructing and manipulating new databases on outsourcing and corporate responsibility commitments monitored over time, conducting empirical econometric work using panel data at the company level, and developing trade models featuring responsible companies and outsourcing.

The candidate should hold a PhD in Economics, have strong analytical skills, and a high standard of research excellence. She/he should have the ability to work effectively, both independently and collaboratively, as part of an international team.

**Please send your application to Pamina Koenig, [pamina.koenig@psemail.eu](mailto:pamina.koenig@psemail.eu), specifying in the subject line: Post-doctoral fellow RESPGLOB + your name and first name.**

The application should include (i) a cover letter describing precisely the qualifications and skills held that match the requirements of the positions as well as previous work experience in performing tasks similar to those required (ii) a CV (iii) a writing sample (e.g. job market or other work).
